October 2021 Newsletter

O God of Creation, you have blessed us with the changing of the seasons. As we welcome the autumn months, may the earlier setting of the sun remind us to take time to rest. May the brilliant colors of the leaves remind us of the wonder of your creation. May the steam of our breath in the cool air remind us that it is You who give us the breath of life. May the harvest from the fields remind us of the abundance we have been given and bounty we are to share with others. May the dying of summer's spirit remind us of Your great promise that death is temporary and life is eternal. We praise You for Your goodness forever and ever. Amen

The Virtue for October is Compassion

The month of September has flown by. The first month has been spent getting to know each other, establishing routines and expectations and forging new friendships. We are so blessed to have such wonderfully dedicated staff, students and community members that give so generously of their time and talents.

Staff and students participated in our annual Terry Fox run on September 29th. Thank you to those who donated online. On September 30th, staff and students recognized Truth and Reconciliation Day. It was a pleasure to see so many students participating and engaging in conversations about why it is important to acknowledge such a day. Also on September 29th, our school acknowledged Rowan's Law Day. Morning announcements focused on concussion awareness and the importance of reporting head injuries immediately.

Thanksgiving is a time to reflect on the many ways God has blessed our lives. Even during these challenging times, we must remember to focus on the positive and remember that any hardship we face is temporary. We hope that you are able to enjoy some quality time with your family and loved ones. It is in the small things in life that we can appreciate how fortunate we truly are. As a community we are blessed to be surrounded by so many individuals who care about our students.

Sacraments 2022

Please see letter below from St. Clare of Assisi Parish in regards to Sacraments for 2022.

Dear Parents and Guardians, below are the dates for the sacraments of First Holy Communion and Confirmation for 2022. We hope to be able to administer them to your children at the Spring, soon after Easter.

The plan is laid out. God will confirm it according to his will. All of us should go through these months helping as we can to prepare the candidates and praying that God will make it happen.

Registrations will proceed as follows: We ask you to get the new registration forms (with 2022 printed on them) from our website. Complete the forms and hand them over (together with a copy of the baptismal certificate) at the school, preferably to your children's teachers. Safe and Caring Schools

RETURN TO SCHOOL HEALTH AND SAFETY MEASURES

All York Catholic District School Board schools and transportation will operate with a focus on the health, safety and well-being of students, staff and other stakeholders. We always follow the guidance of York Region Public Health and the Ministry of Education. Classrooms and buses are inclusive and safe places for all students, regardless of gender, race, ethnicity, ability, vaccination status or socio-economic standing.

All staff, students and visitors must self-screen for signs and symptoms of COVID-19 every day before entering a school.

Students and staff are required to perform daily COVID-19 screening before arriving at school using the [YRPH Screening Tool](#).

Staff and students experiencing symptoms consistent with COVID-19 must not attend school and should follow the guidance provided in the screening tool, which may include seeking appropriate medical attention as required, and/or getting tested for COVID-19.

Visitors to a school are required to perform a COVID-19 self-screening before arriving at school using the [YRPH Screening Tool](#). and must sign in upon arrival at the school

If a student develops symptoms of COVID-19 while at school they will be removed from class and parents/caregivers will be contacted immediately to pick up the student. **Please have a plan in place that allows for a parent or guardian to pick up your child if they develop symptoms at school.**

When arriving to school in the morning, students will use a Direct Entry system where they head directly to their classroom upon arrival. Parents are asked to bring/send children to school as close to bell time as possible.

Students are to maintain a physical distance of 2 metres (6 feet) as they enter, move through and exit the building.

Safe and Caring Schools

Hallways will have directional arrows to ensure minimal face to face contact and/or guide individuals in a unidirectional path.

Appropriate hand hygiene and respiratory etiquette are one of the most important protective strategies.

Parents are urged to review appropriate hand hygiene and respiratory etiquette with their children before returning to school; child-friendly resources are available at www.york.ca/safeatschool

Teachers will review appropriate hand hygiene and respiratory etiquette with students, including proper handwashing techniques and the use of hand sanitizer.

Hand hygiene must be conducted by anyone entering the school and will be incorporated into the daily student schedule at regular intervals during the day (i.e. before and after eating food, before removing and replacing masks, after using the washroom, etc.)

Students are to use the sanitizer provided by the school or where practical, wash their hands upon arrival in the classroom. Hand washing is one of the most recommended methods of virus prevention.

Students wishing to bring in their own sanitizer for use on the bus or at school must ensure it is scent free and is **not** to be shared with other students.

MASKS

Students in Grades 1 to 12 **are required** to wear properly fitted non-medical or cloth masks indoors at school, including in hallways and during classes, as well as on school vehicles (i.e. buses).

It is **strongly recommended** that students in Kindergarten wear non-medical or cloth masks in indoors while at school, as well as on school vehicles (i.e. buses), as tolerated

Students are expected to bring their own masks to wear while at school and using school vehicles (i.e. buses); non-medical three-ply masks will be made available for students if needed. **Please provide your child with extra masks to allow for changing if it becomes wet or soiled.**

Students are not required to wear masks outdoors; distancing will be encouraged between cohorts as much as possible.

Students will be required to safely store their mask while outdoors (i.e. in a pocket or cloth bag brought from home).

Masks may be temporarily removed indoors to consume food or drink, when a minimum distance of 2 metres (6 feet) is maintained between cohorts and as much distancing as possible within a cohorts.

Safe and Caring Schools

VISITORS

Only essential visitors will be permitted to enter the school.

Essential visitors include: public health nurses, superintendents, board personnel, repair and maintenance personnel, parish staff, emergency services personnel, LHIN and Ministry of Labour inspectors, etc. Guest speakers and external educators may be considered essential visitors, upon approval.

Until further notice, visitors are not allowed to enter the school unless they have a **pre-arranged appointment**.

Parents/guardians should contact the school by telephone or email if assistance is required or to book an appointment

Visitors to a school are required to:

perform a COVID-19 self-screening before arriving at school using the [YRPH Screening Tool](#) and must sign in upon arrival at the school

- use hand sanitizer upon entry
- sign in and out in the Visitor Log for contact tracing and safety precautions
- report to the designated reception area
- wear a medical mask at all times (if visitor does not have a medical mask, the school will provide one)
- maintain a two-metre physical distance

Parents/guardians are **not** allowed to drop off lunches/snacks during the school day - students should bring their lunch with them or they can go home for lunch.

Delivery services such as Uber Eats are not allowed.

Safe and Caring Schools

KISS AND RIDE

The safety of our students, parents and staff is paramount. To prevent an accident please follow the guidelines below:

When approaching the kiss and ride loop, please follow the direction of the administrator on duty. You will be directed to enter the loop when a spot becomes available to stop your car and allow your child to be dropped off.

Please ensure your child does not exit the car door facing the moving car lane unless supervised by a parent/guardian. To ensure the safety of everyone, students should exit the right side of the car closest to the sidewalk. When dropping off your child/children to school please ensure your child is wearing a seatbelt while the vehicle is in operation.

Drivers are asked to remain in their vehicle at all times to avoid blocking the flow of traffic.

Please refrain from parking and idling vehicles in the Kiss and Ride lane to ensure a safe school environment.

Follow the speed limit.

MORNING ENTRY PROCEDURES

If students arrive later than 8:30 AM, they are still to go to their designated door until 8:40 AM. After 8:40 AM, the entry doors will be locked and they are to go through the main entrance of the school, where the school office is located.

UPDATED RECESS TIMES

St. Mary of the Angels has updated the recess times this year. Morning recess will be from 9:50-10:05 AM, and the afternoon recess will be from 1:45-2:00 PM.

Cell Phones

There has been an increased use of inappropriate cell phone use by students during the instructional day. As a reminder, effective November 4, 2019, the Provincial Code of Conduct has been updated to address the use of cellphones and other personal mobile devices as outlined in PPM 128. These revisions are designed to restrict the use of all personal mobile devices during instructional time in both elementary and secondary classrooms in order to prevent distractions and maximize learning time.

Personal mobile devices can be used during instructional time under the following circumstances:

For educational purposes as directed by the educator in the classroom;

For health and medical purposes (students with medical conditions are not required to obtain a physician's note to be eligible for this exception; a note from a parent or guardian is sufficient.);

To support special educational needs.

We ask that parents please review these expectations with their children. Also, **we kindly ask that parents do not communicate with their children via their cell phones during the day.** If you need to contact your child, please do so by calling the office.

Mental Health/Social Emotional Learning

We hope everyone is beginning to settle back into routine! In October, we focus on the virtue of compassion. October 10 is World Mental Health Day and this year's theme is "Mental Health In An Unequal World." We continue to encourage compassion as we try to eliminate the stigma around mental health and seeking support. Here are some resources to encourage help seeking and decrease stigma: [Circle of Support](#), [Reaching Out](#), [No Problem Too Big or Too Small](#) and [Be There](#).

We also celebrate Thanksgiving this month. Activities of gratitude and appreciation for all that we have help us manage stress and bring more positivity and joy in our lives. Gratitude activities you can try at home can be found [here](#).

Safe & Caring Schools

What is Mental Health?

You are your child's first and most important teacher. You will help them develop their sense of self-worth by how you love, accept and respond to them, and they'll learn from you about how to cope with life's challenges.

Your Role

Mental health is everyone's business, and we all have a role to play. As a parent, guardian, caregiver or family member, you have a particularly special role in supporting child and youth mental health.

Naturally, this begins with supporting your own child(ren) and young family members, to help them to grow into mentally healthy and resilient adults. Understanding the sorts of skills that help to support good mental health in an ongoing way, and how best to reinforce these skills as part of regular family life, can also help to start and keep young people on a good path.

Sometimes, in spite of your best efforts, children and youth will struggle with their emotions, thoughts, or behaviours. Knowing the signs of difficulty and getting help early can make all the difference.

Finally, as a parent, guardian, caregiver or other family member, sometimes the most important thing you can do is to "be there"... walking alongside as your child learns and grows, stumbles and gets back up again. Inspiring hope and modeling resilience.

The School Mental Health Ontario website, offers some information and ideas to help you to build and nurture your child's mental health while your child is attending elementary or secondary school.

Parent and family role in supporting child and youth mental health

1. Support social emotional skill development and overall well-being.
2. Know the signs of mental health problems.
3. Help your child to access support if you think professional help is needed.
4. Be there for your child through the ups and downs of life.
5. Take care of your own mental health and model good self-care!

Engaging Our Communities

Halloween

This year, Halloween falls on a Sunday. Because of this, we **will be having our Halloween celebration on Friday Oct. 29**. Please do not send food items to be distributed to classmates.

Inflatable costumes with fans and full face masks are not permitted.

Culturally appropriated costumes are not allowed under any circumstances. Please keep in mind that culture is not a costume.

Please do not send your child to school with costumes that represent a cultural group or ethnicity. (e.g. First Nations, Chinese, Arabic, etc.)

Masks are Discouraged (Except for PPE): Wearing masks during the school day can compromise the safety of the community. We should always be identifiable in our community so we can avoid having unwelcome guests.

Awareness of Costume Appropriateness is Important: Please ensure that costumes are appropriate to the moral tone of our Catholic Schools.

Awareness of Fear and Evil: Be aware that Ghoulish costumes can terrify younger students, students with special needs, or students with phobias.

We Must Be Trauma Sensitive: There may be members of our communities who have traumas that can be triggered by certain costumes.

When in Doubt, Think Saint: Hallowe'en precedes All Soul's and All Saint's Days. Encourage students to dress as saints and religious figures.

Quality Learning For All

Anti-Black Racism, Inclusion and Equity Presentation by Spider Jones

We are excited to announce that on Monday October 18, 2021, Spider Jones will be coming to talk to the Grade 4-8 students about anti-black racism, equity and inclusion. Spider Jones is a highly popular motivational speaker who is much admired for his diligent work among the youth. His inspirational life story "Out of the Darkness" reveals his amazing rise from the impoverished, gang infested, inner-city projects of Detroit and Windsor and how, as a grade five dropout, he eventually returned to school at the age of thirty to become an honour student. Spider's favourite thing is talking to his Nighthawks, whether it be about sports, entertainment, or hot issues. Spider Jones is an energetic advocate of the 'Believe To Achieve' Organization, a youth outreach development and counseling charity. Many of Spider's events go to the benefit of "Believe To Achieve" kids.

Holocaust Survivor Presentation

The SMS Diversity Committee aims to create opportunities to promote dialogue around racism, antisemitism and prejudice. As part of our Remembrance Day commemoration, the committee has invited a Holocaust Survivor to share their story with grades 6-8. This presentation will take place on November 1 and it will be streamed live within each classroom. Students will have an opportunity to meet a Holocaust survivor, listen to their testimony and ask questions. Education is the foundation of making a difference. In gaining a better understanding of the impact the Holocaust has had on previous generations, students can make connections with their own generation's commitment to making present day changes in the name of equality and human rights.
